## INTERNSHIP

<b>InternX, Java Developer</b>	Jul 2024 - Nov 2024
<ul style="list-style-type: none"><li>• Designing, maintaining, and building the reusable, efficient, and reliable Java code</li><li>• Managing patient records, appointments, staff schedules, billing, and other administrative tasks</li><li>• It helps in managing patient data efficiently so that hospitals can provide better care and services</li></ul>	
<b>SKILLS:</b> Java, Servlet, JDBC, Front-End, & Oracle	
<b>TOOLS:</b> Eclipse, Tomcat Server, & SQL Command Runner	
<b>Project:</b> Healthcare Management System	

## Projects

### EcoCart E-commerce Website

- The "EcoCart" is an e-commerce platform developed to provide a seamless shopping experience. The project includes user authentication, product management, and payment gateway integration, ensuring a smooth and secure transaction process for customers. This application was hosted on a local server during development.
- Technologies: Java, Hibernate, HTML, CSS, Javascript, Springboot, and MYSQL

### Healthcare Management System

- The "Healthcare Management System" is a comprehensive platform designed to streamline healthcare operations by managing patient information, appointments, medical records, and user access. this project aims to provide a robust solution for healthcare providers and patients.
- Technologies: Java, JSP, SQL, HTML, CSS, JavaScript, JDBC, Servlets, Apache-tomcat.

### Event Management System

- The "Event Management System" is a digital tool designed to streamline the planning, organization, and execution of events. this system offers an efficient and user-friendly interface for event organizers and

participants.

- Technologies: Java, JSP, SQL, HTML, CSS, JavaScript, JDBC, Servlets, Apache-tomcat.

## CERTIFICATES

---

### Java Full Stack

March 2023

CENTUM FOUNDATION

Successfully completed a comprehensive Java Full Stack Development program at Centum Foundation, covering **core Java, HTML, CSS, SQL, and JDBC** connectivity. Acquired hands-on experience in building scalable web applications with frontend and backend integration.

### Full Stack Developoment

2024

JSpider

Completed Full Stack Development training at JSpider, gaining expertise in **Java, Spring Boot, Hibernate, SQL, React.js**, and **web technologies**. Developed hands-on projects, focusing on building end-to-end web applications with seamless frontend and backend integration. .
